### **Email and Moodle Online Learning Platform**

Students are strongly encouraged to use Moodle, our E-Learning Platform. Using Moodle enables students to stay in contact with program administration, lecturers, and fellow students. We also expect students to check their emails on a regular basis. All course materials will be posted on Moodle.

### **Professional and Class Participation**

The courses in this outline are part of the ISU Frankfurt academic track *European Studies*. Class participation is considered a requirement for successfully completing the ISU Frankfurt Program. An attendance list will be issued for each class. Student questions, answers, comments, and insights over the course will not only benefit the whole class, but it will also ensure that students have a better understanding of the class material and contribute to their overall academic success. Please avoid being late for class, not turning off your cell phone before class, leaving class before the end of it, talking while someone else (either the professor or one of your fellow students) is talking, and any other unprofessional conduct.

### **Attendance**

Students should attend each class. If students have to miss a class, they should a) complete the required homework or readings, b) get copies of the notes presented that day, and c) talk with classmates about what they missed. Students also need to inform the ISU Frankfurt Coordinator or their professor if they need to miss class. This can be done in person or via email.

### **Academic Honesty**

Students caught cheating or plagiarizing will fail, at our discretion, either the assignment in question or the entire ISU Frankfurt program.
